### CHIEF EXECUTIVE'S REVIEW

Dear Shareholders:

We present to you the results of the company for the quarter ended September 30, 2017.

Your company made a pre-tax loss of Rs. 194.989 (M), as compared to the corresponding last year's quarterly pre-tax loss of Rs. 296.539 (M). Turnover for the quarter ended was Rs. 630.319 (M), as compared to corresponding last year's quarterly sales of Rs. 1,072 (M). Pre-tax loss as a percentage comes to 30.93% for, as compared to 27.66% which was corresponding last year's quarterly pre-tax loss as a percentage. This reflects an increase in loss by 3.27% as a percentage.

The textile industry has been going through a prolonged recessionary period. The global reduction in demand for yarns and fabrics, low finished product prices and low margins has hit the textile industry. Devaluation of regional currencies coupled by overvaluation of PKR has made it difficult of Pakistani textile industry to compete with our regional neighbors.

Growth prospects of the global economy and outlook for textiles in Pakistan is likely to remain weak in the short-term. Pakistani textile industry faces several other challenges too:

- Shortfall in cotton production;
- · High cost of doing business;
- Over-valuation of PKR vis-à-vis US\$;
- No export incentives to down-stream industry (spinning & weaving);
- · High energy costs;
- · Local taxes, GIDC and surcharges;
- · Roll-back/stuck-up of Income Tax and Sales Tax Refunds.

In the end, I would like to thank all the staff and workers of the company and the supporting financial institutions for their confidence and efforts shown towards the company in its difficult time.

TARIQ IQBAL
